

Heritage Baptist Institute

State Report

The season of Thanksgiving will soon be here. Thanksgiving is more than a once a year remembrance. It should be the focus of everyday living.

It is a time to thank God for his bounty; from family to health; for everything we have is from Our God. We at Heritage Baptist Institute have many reasons to be thankful.

Our 2021 fall semester began with an increase of 27 students. Many of these students are returning after the 2020 Covid -19 shut down. A new class schedule has helped relieve traffic issues and has encouraged this enrollment increase. This semester classes are held two nights each week with electronic and in person classroom instruction.

A rewrite of our graduate studies is now in place. The foundation of this program continues to be the Theological Writing and Research study led by Bro. Horace Deaton.

In December we will be receiving our annual Christmas offering for Heritage Baptist Students. The deadline for Christmas deliver this year will be December 11, 2021.

Please remember this giving opportunity this season. Please know that Heritage Baptist Institute remains in a deficit operating mode.

One personal note in closing. I wish to express thanks to our dedicated staff and faculty. HBI could not exist without your partnership and their expertise and dedication to Biblical Education.

Thank You and God Bless

Heritage Baptist Institute

Carl E. Fitzgerald

President
